

NCFE LEVEL 3 AWARD IN ASSESSING COMPETENCE IN THE WORK ENVIRONMENT

OVERVIEW

This qualification has been designed for you if you support and provide assessment for learners completing a range of qualifications in the workplace or a classroom setting. Topics covered include planning, assessment and reflective practice.

Qualification Structure

The Level 3 Award has been aligned to the Regulated Qualifications Framework (RQF). In order to gain the full qualification a minimum number of credits must be achieved:

Minimum number of credits that must be achieved			9
Mandatory Units	Level	Credit value	Guided Learning Hours
Understanding the principles and practices of assessment	3	3	24
Assess occupational competence in the work environment	3	6	30

How to achieve your qualification

We adopt a flexible approach to delivery and consider all learning styles. You may be involved in small group sessions with other professionals or take part in individual distance learning. We offer classroom-based delivery or on your own premises. The assessment is through a mix of assignments, recorded professional discussions, observations and products. The qualification usually takes between six and nine months to achieve.

Is there another option?

Yes there is! Instead of completing the Award, you can complete the Level 3 Certificate in Assessing Vocational Achievement. This requires completing another unit - Assessing Vocationally Related Achievement. This is 6 credits, meaning 15 credits are completed in total.

By completing the Certificate means that you would be qualified in both classroom and workplace assessment.

Costs

The cost of the Level 3 Award in Assessing Competence in the Work Environment is £750+VAT.

The cost of the Level 3 Certificate in Assessing Vocational Achievement is £900+VAT.

Sounds great!
